Powerhouse Golf Titan-S Elite Lithium Golf Buggy

The Powerhouse Titan-S Elite is the flagship golf buggy in the Titan Series engineered to deliver unrivaled power, performance and comfort of any single seated golf buggy. The Titan-S Elite uses the basic framework of the Powerhouse Titan-S but comes fully loaded with additional upgrades that make this a truly fantastic performing buggy with no limitations. The buggy comes with lithium power, meaning the Titan-S Elite requires just one 18-hole lithium battery creating a significant weight and space saving from typical lead acid batteries. The highly powerful lithium battery is further enhanced by the introduction of an S-Drive that increases the power output of the motor by a massive 39%! With this engineering you therefore have an extremely powerful buggy more than capable of tackling the heaviest longest golf courses.

The Elite delivers exceptionally on performance however is equally as good on comfort. The 'twisting' chassis ensures for a controlled drive whilst the large fairway friendly tyres deliver exceptional grip. Fitted with a luxury comfort seat, full set of mudguards, front basket, bag stand, down to the umbrella holder and even the "Sun Mountain" umbrella, the Titan-S Elite provides one the comfiest rides in all types of conditions. The steering wheel column, automatic brake and foot pedal accelerator generate an effortless drive really making the Titan-S Elite the Rolls Royce of the single seat golf buggy market.
