

POWERHOUSE ...the power behind your game

DUO

Move around the Golf course in complete elegance and style

The **Powerhouse** Duo Double Seater Golf buggy not just meets, but exceeds all EU Safety standard.

How it measures up

Trojan
BATTERY COMPANY
6 x 165 AH Batteries

As the saying goes, 2 is company. And with the **Powerhouse** Duo Golf Buggy, you will have everything required to effortlessly carry *two* adults, *two* golf bags and associated equipment around the Golf Circuit.

At your disposal, is a very capable machine. The transmission powers the rear wheels, virtually silently through a none maintenance Differential gearbox. This is in turn powered by an impressive 2.2kw motor and 6 x 165ah Ultra deep TROJAN battery set. Speed and overall control is governed by a 36V Curtis management system. In short, the Duo buggy will travel at 15mph max speed for a distance, in the region of 25 miles, with two people aboard. The rack and pinion steering is light and precise, and breaking is uncomplicated, using a combined pedal with anti roll brake. Standard features include: 10 stage battery indicator, fully automated intelligent 25A charger, quick charge hook-up, roof canopy, windscreen, double cream leather look bench seat and fast click twin bag holder on the rear.

Simply, Luxury at a very affordable price
