*Umbrella. Umbrella Holder. Score Card. Seat. Canvas Carry Bag Cup Holder. 36 hole Lithium battery*

POWERED BY  
**LITHIUM**  
B A T T E R Y

The Powerhouse Freedom T2 Golf trolley takes the Freedom range to a new level. The T2 has combined everything that is required on a Golf trolley and excluded everything that is not.

From the moment you are introduced to the T2 you will feel the difference. Elliptical frame, finished in White High Gloss enamel contrasting with all mat black moldings makes the trolley most distinctive. But you might say looks are not everything, and you would be right.

The T2 offers so much more. **Lithium Battery**, quick release and free wheel, Pneumatic tyres for incredible grip, Stainless Steel clutches, powered by a 50A Fully waterproof Control unit through to a 180W Linux motor.

The Operation is simplicity itself. The T2 uses the "quick click" assembly method and within 5 seconds, it is ready. Drop on the battery and you are good to go.

The T2 has pre set "preferred speed", and "distance control" function all housed in an easy to use module that incorporates the battery status indicator. So whether you are right or left handed, everything is at your fingertips. And finally, a trolley is only as good as the battery fitted to it. That is why the Freedom T2 is fitted with the highest quality 18 Hole Lithium Battery as standard.

2 Years warranty on Trolley and battery. Conditions apply. Lithium Battery supplied as Standard. It weighs in at 2.2 kg and measures (W)160mm x (L)250mm x (H)200mm (6.25" x 10" x 8"). As this is a Lithium battery the weight saving when compared to a standard lead acid battery is a massive 6 kg.

The Battery is supplied fully protected by a sophisticated specially designed battery management system that constantly monitors every cell to ensure the battery is always optimized for best performance. Also supplied with its own lithium charger. Charging is also quicker, a flat battery will charge in around 8hrs

Capacity: 12v 16ah capacity Equivalent to 1 x 26Ah lead acid battery.  
Type: Lithium Weight: 2.2kg  
Size: (W)160mm x (L)250mm x (H)200mm (6.25" x 10" x 8")

Life expectancy\*: in excess of 1000 Cycles, unconditional.  
Duration: 18+ hole capacity depending on terrain and conditions.  
Features: Ultra Light High performance. Complete with Lithium Charger  
Warranty: This battery comes with 2 years manufacturers guarantee (limited warranty)

Uses:  
36 Hole Golf Course

Contents:  
1 x Freedom T2-S Golf Trolley  
1 x 18 Hole Lithium Battery (36 Hole available as upgrade)
