1 x Battery Bag
1 x 12V Charger
Straps
Tools
Instructions

Staying with the overall features of the **Powerhouse** Freedom T2, the "T2-S" differs in only one aspect.

The wheel fitted to the "T2-S" are non pneumatic. They are solid, tubeless and slightly lighter in weight.

This gives the "T2-S" an overall lighter feel whilst maneuvering and assembling.

In all other ways you would be presented with one of the most equipped digital Electric trolley available on the market today

2 Years warranty on Trolley and battery. Conditions apply. Lithium Battery supplied as Standard. It weighs in at 2.2 kg and measures (W)160mm x (L)250mm x (H)200mm (6.25" x 10" x 8"). As this is a Lithium battery the weight saving when compared to a standard lead acid battery is a massive 6 kg.

The Battery is supplied fully protected by a sophisticated specially designed battery management system that constantly monitors every cell to ensure the battery is always optimized for best performance. Also supplied with its own lithium charger. Charging is also quicker, a flat battery will charge in around 8hrs

Capacity: 12v 16ah capacity Equivalent to 1 x 26Ah lead acid battery.
Type: Lithium Weight: 2.2kg
Size: (W)160mm x (L)250mm x (H)200mm (6.25" x 10" x 8")
